SUBMISSIONS NOW OPEN

We challenge you to create something that will inspire, engage, question, puzzle, amuse, seduce and otherwise influence the citizens of Middleton. Interactive art is our particular obsession. Interactive work convenes society around itself. It generates roles. It provokes actions. It transforms participants into active contributors to a creative process.

Your event can be tiny, for example setting up and easel on the street and painting Or huge, making a large land art installation along the whole Main Street. Get creative, have fun, and let's make 2019 a magical and memorable mid May Festival!

What We Do:

Cover insurance for all the events

Publicise all events on our website and to our mailing list

Advertise the festival in all media outlets and posters in town

Provide advice and support for ideas, programming and venues

Hold 2 to 3 meetings throughout the year for participants to discuss and share ideas

Provide MAF logo and MAF19 official artwork to put on your poster

Middleton Arts Festival directors will accept all applications, but will have final say on what is viable and artistically in line with our ethos

What You Do:

Fill in the application and email to info@middletonartsfestival.com

Book your venue before the first deadline

Make your own poster using MAF19 logo and banner

Advertise as much as you can

Decide if you will have a free or paid event

If you are charging and make a profit, we ask for 20 per cent commission to help with expenses for insurance and advertising.

Meet all deadlines for programming and publication, making sure all information is correct and ready to publish
